

Interstate Medical Licensure Compact and how Medicus Healthcare Solutions can help

What is it?

The Interstate Medical Licensing Compact (IMLC) offers an expedited path to obtaining licensure in multiple states. The IMLC was created to ease the burden of obtaining licenses in multiple states in order to meet patient demand triggered by a shortage of state licensed physicians. Qualified candidates can now become fully licensed, with a single application, in participating states without going through a traditional application process.

If you have a State of Principal License (SPL) in

- | | | | | |
|--|--|---|---|---|
|  Alabama |  Iowa |  Minnesota |  North Dakota |  Wisconsin |
|  Arizona |  Kansas |  Mississippi |  South Dakota |  Wyoming |
|  Colorado |  Kentucky |  Montana |  Tennessee | |
|  Guam |  Maine |  Nebraska |  Utah | |
|  Idaho |  Maryland |  Nevada |  Washington | |
|  Illinois |  Michigan |  New Hampshire |  West Virginia | |

And

- | | | | | | | |
|--------------------------------------|----|---|----|-------------------------------------|----|--|
| Your primary residence is in the SPL | or | At least 25% of your practice of medicine occurs in the SPL | or | Your employer is located in the SPL | or | You use the SPL for U.S. federal income tax purposes |
|--------------------------------------|----|---|----|-------------------------------------|----|--|

Then you can apply for additional licenses in

- | | | | | |
|--|--|---|---|---|
|  Alabama |  Illinois |  Michigan |  New Hampshire |  Vermont |
|  Arizona |  Iowa |  Minnesota |  North Dakota |  Washington |
|  Colorado |  Kansas |  Mississippi |  Oklahoma |  West Virginia |
|  Georgia |  Kentucky |  Montana |  South Dakota |  Wisconsin |
|  Guam |  Maine |  Nebraska |  Tennessee |  Wyoming |
|  Idaho |  Maryland |  Nevada |  Utah | |
